

Physician Lead

Overview of Role

- Provide advice on local implementation i.e. tailoring the program to address the local context
- Support engagement of key stakeholders within the organization to enable the success of the project
- Participate in implementation team meetings

Suggested Commitment

- This is a 0.1 FTE role, meaning the Physician Lead should plan to devote the equivalent of half a day a week to MOVE
- Ideally, this role should be a sustainable in-kind contribution from the hospital
